Blooming Ornaments[™] for Pets

Blooming Ornaments[™] are handmade, die-cut paper ornaments. Each ornament is crafted from recycled paper that is inlaid with fresh flower petals and seeds. When planted and watered, the ornament will bloom, creating a living memorial to the deceased.

These unique memorial products can be used in several creative ways. Blooming Ornaments[™] come packaged in a cello bag complete with raffia tie and planting instructions. Each ornament is crafted by hand, so shapes and colors may vary. Please visit our website for additional shapes or call for volume pricing information.
