

PASSAGES®

*Embracing Change*

## Memorial Jewelry for Pets

Passages uses your beloved pet's cremated remains (or lock of hair) to fashion hand-made mementos that are as unique as they were. By way of an ingenious encapsulation process that produces a smooth, granite-like finish, we lovingly create exquisite jewelry, stylish photo frames and memorial plaques that embody their memory and spirit.

These keepsakes are a tangible and very personal reminder of your beloved pet, and the special time that you spent with them. No two are alike and each jewelry piece is available in Sterling Silver, Gold Plated and Solid Gold (market price). Please allow four to six weeks for production. Exclusively manufactured in the USA by Passages International, Inc. For additional product offerings visit [Petloss.PassagesInternational.com](http://Petloss.PassagesInternational.com).

*Large Oval Deluxe Pendant*
